Idea Factory's latest release for the PlayStation 4, *The Last: Farewell Paradise*, is finally coming to the west. Many have already played and loved this title, so now you can join the crowd. *The Last: Farewell Paradise* is set in a world where humans have been pushed to the brink of extinction by vicious and evil entities known as Bioroids. Scattered on distant planets across the solar system, five refugee groups have rallied together to escape their nightmare and live in exile. Against this backdrop, players assume the role of Noel Vermillion, the charismatic leader of the Exodus group who has been entrusted with the task of protecting a child known only as the Light. Join Noel in their epic struggle to save humanity in a heart-wrenching narrative that intertwines with Earth's past on a journey of survival through the breathtaking backdrop of a starry, Bioroid-free post-apocalyptic universe.
